REPORT OF SCHOOL BOARD.

The reports of the Superintendent of Schools, Principal of the High School, Supervisor of Music and Supervisor of Drawing, are herewith given and will explain the school work in general and in the various departments.

In accordance with our statutory obligations we estimate that \$600.00 will be necessary for the purchase of books and supplies. As there is a balance of \$58.04 on account of Flags and Flag Poles, we estimate there will be no additional amount required.

ROLLA G. BUGBEE,

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

MEMBERS OF THE SCHOOL BOARD:

I respectfully submit the following report concerning the schools of Peterborough for the year ending February fifteenth, nineteen hundred thirteen.

During the periods covered by this report there has been about the usual number of changes in the teaching force. Miss Nora Seccombe had a leave of absence during the spring term in order that she might take advantage of an opportunity to enjoy a trip to Europe. Miss Edith M. Emerson, who taught the West primary school during the fall and winter terms, substituted for Miss Seccombe during the remainder of the year. Miss Mary E. Law took both of the West schools which were united on account of the diminished numbers caused by the moving away of several families who had depended upon the mills for employment.

The schools opened in September with no teacher new to Peterborough. There were a few transfers, however, Miss Mary E. Law took charge of the grammar room succeeding Miss Abbie E. Cutting who had resigned at the close of the spring term; Miss Bessie J. Tucker took Miss Law's place at the West school; and Miss Bertha L. Needham succeeded Miss Tucker at the Valley school. Mrs. Maude L. Grant returned to the East school after an absence of two terms.

During the holiday recess, four teachers handed in their resignations. Miss Catherine Reaveley gave up her position as supervisor of Manual Arts on account of impaired health, Miss Tucker was called home because of the illness and death of her father, Miss Law accepted the offer of a more lucrative position elsewhere, and Miss Needham resigned to embark upon the matrimonial sea.

The teachers elected to fill the vacancies were Miss Elsie M. S. Woll to be supervisor of Manual Arts, Miss Mildred E. Dutton to take charge of the West school, Mr. Joseph M. Gilmore to succeed Miss Law in the grammar school, and Miss Virginia A. Sawyer to instruct the pupils in the Valley school.

At this point, I wish to call attention to the fact that during the month of December, four Massachusetts superintendents visited the Peterborough schools and made overtures to some of the teachers. One was successful in luring away a teacher. The others were not, although they made some tempting financial inducements.

In material equipment, there have been some improvements since last February. The manual training room recommended in my last report, was fitted up soon enough after the school meeting so that it could be used during the spring term. It is a well lighted room in the third story of the Center building and serves its purpose very well indeed.

Through the efforts of the teacher, the pupils; the citizens of that part of the town, and others, the East schoolhouse and grounds have been much improved. Fresh paint on the outside of the building, a cement step at the entrance, a repaired underpinning, and a lessened number of stones in the yard, are the principal items to be noted in this connection. Another outhouse, so that there might be separate buildings for the boys and for the girls, would be a desirable addition to the present equipment.

The Valley schoolhouse needs to be provided with a heating and ventilating plant. Unless there should soon be an increase in the population at the West village, I should recommend that the outfit installed in the primary room be moved to the Valley schoolhouse. A new chimney would need to be built, as the present one is not adapted to the requirements of the plant mentioned.

The work done in the schoolroom is, of course, the important feature of all our educational endeavor. In order that the patrons of the schools might have a special opportunity to see what was being done there, a day near the close of the spring term was set apart for that purpose. The teachers placed

work done by the pupils on exhibition and prepared a special program for the afternoon consisting of recitations in the subjects that would not be most likely to interest the visitors. A very gratifying number of people took advantage of this opportunity to become better acquainted with what was being done in the schools. The new manual training equipment and the work done in that department attracted especial attention. In this connection it may be worth while to mention the fact that during the school year ending in June, there were nearly eight hundred fifty non-official visits to the schools recorded by the teachers.

This year, an effort is being made to place the teaching of penmanship upon a better basis than heretofore. A system that is having a widespread adoption has been introduced. A representative of the publishing firm visited the teachers in their respective schoolrooms and also met them in a teachers' meeting to give initial instruction regarding the proper method of procedure. As a result, both teachers and pupils have taken hold of the work with commendable enthusiasm and in a few months should be able to show desirable results.

An attempt is also being made to revive interest in the sometimes neglected subject of spelling by means of a series of written contests between the grammar schools of Antrim, Hillsborough, and Peterborough. Two contests have been held already and two more are to be held before the end of the school year in June. A suitably lettered banner to be the property of the winner in the series of contests serves to intensify the interest in the struggle for spelling supremacy.

Much is being said about the need of making the instruction in the schools more practical, that is, more closely connected with the requirements of everyday life. With this thought in mind, a number of the high schools in this state, as well as outside of it, have introduced into the curriculum, courses in domestic arts, mechanic arts, agriculture, commercial subjects, and so forth. Generally speaking, these subjects have met with approval wherever introduced and have seemed to fill a place in the educational program hitherto unoccupied. That one or more of these subjects should be offered in our own high school in place of the general course is a conclusion in accordance with the present educational trend. I trust that this proposition will receive due consideration in the near future.

FREDERICK L. KENDALL,

Superintendent of Schools.

TO THE SUPERINTENDENT OF SCHOOLS:

In accordance with the past custom, I hereby present the following report of the condition of the schools under my care.

The High school is in excellent condition as may be seen by the fact that our last annual report to the State Department of Public Instruction was satisfactory in every respect. We also have had an opportunity to compare our school with the high schools of a New Hampshire city and one in Massachusetts. Three of our pupils transferred from the local institution to the other schools mentioned in the latter part of November. These pupils not only continued in the same class in their new schools but found that they were better prepared and further advanced in their work than their new classmates.

This condition has been brought about by several things, viz.; the liberal policy of this town toward the schools, the painstaking care of the School Committee, the foresight and helpful direction of the Superintendent, the able co-operation of the assistant teachers, and the industry and enthusiasm of the pupils. However, improvements are still possible in several ways. The building should be painted at an early date. The interior walls should be whitened. The desks should be refinished.

The ceiling in the two main rooms should be repaired, or a metal ceiling should replace the present one of plaster. Perhaps the most noticeable improvement could be effected by increasing the salary of the janitor so that a man could devote all of his time to the care of the building. A great many small repairs necessitating the employment of an outside expert, might be made by the janitor. It would not be reasonable to expect anyone to do this for the present salary.

The time is near at hand when some change should be made in our curriculum in the so-called cultural subjects. It is now generally admitted that the practical sciences and modern languages have as great educational value as Astronomy and Geology, or Greek and Latin. I would suggest then that our present scientific course be modified so that it would conform to the State Superintendent's outline of a commercial course, or to his suggestions for a domestic science or agricultural course. This could be done with very little expense to the town and would send our graduates forth fitted to enter upon a useful career.

In closing, I wish to repeat the suggestion of my predecessor that an effort be made to increase the number of tuition pupils in our schools.

Respectfully submitted,
LEONARD S. MORRISON.

MR. F. L. KENDALL, SUPT. OF SCHOOLS.

The standard of the work in music in the schools of Peterborough is higher this year than it has ever been since I commenced my teaching here three years ago. Every grade that was promoted this last fall was well equipped to go on in music as the ground work was thoroughly learned. More attention has been paid to individual singing and sight reading than heretofore. The eighth grade of last year with its good number of singing boys and girls has added much to the high school this year, as there are now more basses and tenors than for many previous years. A cantata has been in progress for several months, and this, added to some chorus songs, and glee club music, will appear soon in a concert to be given before the public. The glee club of twelve mixed voices is doing good work.

It is also hoped that an exhibition of the grade work will be given before the public this spring.

Two part music is soon to be commenced in the fourth grade. The study of the bass clef has been begun in the eighth grade, although there are not so many mature voices in this grade as last year.

The work in the district schools has been progressing. In two of the schools, however, the progress has been slow on account of the change in teachers.

The writing of scales and the singing of part songs in sheet music is being accomplished in the advanced classes.

For the progress in music and the good equipment, I have much to thank the grade teachers.

Respectfully submitted,
 GERTRUDE E. CLARK,
 Supervisor of Music.

TO THE SUPERINTENDENT OF SCHOOLS:

The following report of the Department of Drawing and Manual Training is herewith respectfully submitted.

The work in drawing in the grades has been practically the same as in previous years. The course includes instruction in the following subjects: Nature Drawing, Paper Construction Work, Object Drawing, Color and Design.

The girls of the Freshman and Sophomore classes of the High School are making various articles of wearing apparel, such as night gowns, shirt waists and dresses, in the sewing classes which meet once a week.

The boys in the Manual Training classes are acquiring valuable experience in handling the various tools and using the different woods. The results that they achieve in their work well repay the citizens of Peterborough for their expense in providing the necessary equipment. The course consists of a number of progressively arranged exercises, upon the completion of which the boys are free to work upon a model of their own selection. Each boy is allowed to advance as rapidly as his individual ability permits, and this adds much to the interest in the work.

I wish to thank the teachers for the assistance they have given me in continuing the work of my predecessor.

ELSIE M. S. WOLL,
 Supervisor of Drawing and Manual Training.

Miscellaneous	11

Early in the year the portraits hanging in the library were numbered and a brief biographical sketch of the subjects given in bulletin No. 37, April, 1912. Also cards giving the name and number of each were placed in the card catalog under the headings: Portraits, and Peterborough, N. H. Town Library Portraits. Thus adding to their interest to present day visitors and insuring against possible mistakes in identification in the future.

EVA E. COFFIN, Librarian.

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Peterborough Qualified to Vote in Town Affairs.

You are hereby notified to meet at the Town Hall, in said town, on Tuesday, the eleventh day of March next, at nine of the o'clock in the forenoon, to act on the following subjects:

1st. To choose all necessary town officers and agents for the ensuing year.

2d. To raise such sums of money as may be necessary for the maintenance of the poor, for the laying out and repairing of highways, and all necessary charges arising within the town, and appropriate the same.

3d. To raise and appropriate such sums of money as may be necessary for the support of the fire department, public library, and for the Grand Army on Memorial Day.

4th. To see what sum of money the town will vote to raise and appropriate towards paying the town debt and interest.

5th. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and passing any vote relating thereto.

6th. To see if the town will vote to instruct the selectmen to appoint a police officer, whose duty it shall be to preserve order in and about the public places in town, and perform such other duties as are required by the selectmen, both day and night, and to raise and appropriate money to defray the expenses of the same.

7th. To see if the town will vote to accept legacies and gifts given to the town in trust by different individuals, the income to be used in the care of cemetery lots.

8th. To see what sum of money the town will vote to raise and appropriate to defray the expenses of Old Home Week.

9th. To see what sum of money the town will vote to raise and appropriate to repair the concrete sidewalks where needed most.

10th. To see if the town will vote to extend the sidewalk on High street, to the corner beyond Frank J. Shedd's house, and raise and appropriate money for the same or take any other action relating thereto.

11th. To see if the town will vote to extend the sidewalk on the north side of Main street to Vine street, and raise and appropriate money for the same.

12th. To see if the town will vote to repair the balance of Cheney Avenue, and raise and appropriate money for the same.

13th. To see what sum of money the town will vote to raise and appropriate toward repairing Grove street.

14th. To see what sum of money the town will vote to raise and appropriate towards paying for its public lighting.

15th. To see if the town will vote to instruct the selectmen to sell the settees in the town hall and purchase new seats, and raise and appropriate money for the same.

16th. To see if the town will vote to remodel the central fire station and install a fire signal in the same, and raise and appropriate money for the same or take any action in relation to the same.

17th. To see if the town will vote to instruct the selectmen to take out an employers liability insurance policy in favor of the town and raise and appropriate money for the same, or take any other action relating thereto.

18th. To see what action the town will take to increase the income from the water system and raise and appropriate money for the same.

19th. To see if the town will vote to instruct the selectmen to have a serving room partitioned off in the Banquet hall in the town hall building, and raise and appropriate money for the same.

20th. To see if the town will vote to replace one or more of the wooden bridges in town with stone, cement or iron bridges, and raise and appropriate money for the same or take any other action relating thereto.

21st. To see if the town will vote to replace the old watering trough on the river road near Jaffrey line, with a new one, and raise and appropriate money for the same.

22nd. To see if the town will vote to instruct the selectmen to have the closet in the ticket office of the town hall removed to the room directly above, and install new fixtures therein, and raise and appropriate money for the same.

23d. To see if the town will exempt from taxation for a term not exceeding ten years, the manufacturing stationery business, and the capital to be used in operating the same, to be established and operated by Charles Knight, C. M. Butterworth and others, in the Eagle Factory property, so-called, or take any other action relating to the same.

Given under our hands and seal this twenty-second day of February, 1913.

FRED J. AMES,
WALLACE S. HADLEY,
CHARLES S. PIERCE,
Selectmen of Peterborough.
